JW Marriott
Union Square, San Francisco

FEATURED SPEAKER - VIRIGINIA STRUM PHD

Photo and content from [UCSF](#)

Virginia Sturm, PhD, is an Associate Professor at the UCSF Memory and Aging Center. After undergraduate work at Georgetown University, she received her PhD degree in clinical psychology at the University of California, Berkeley and subsequently completed her clinical internship and postdoctoral fellowship at UCSF. She directs the Clinical Affective Neuroscience (CAN) Laboratory located in the UCSF Memory and Aging Center and affiliated with the UCSF Center for Psychophysiology and Behavior (CPB). Her research focuses on laboratory measurement of emotion and social behavior in neurodegenerative diseases and neurodevelopmental disorders.

Virginia Sturm, PhD will be presenting "The Neurocircuitry of Human Values" from 3:30-4:30.

PRELIMINARY AGENDA

7:00 – 8:00am
Registration and Breakfast in EXHIBIT HALL

8:00 - 8:05am
Welcome Remarks
Steven J. Holtz, MD, FAAN – Program Chair

8:05 – 8:55am

Current State and Direction of Therapy Trials

Frank M. Longo, MD, PhD - Stanford

George E. and Lucy Becker Professor, Chair

Department of Neurology and Neurological Sciences and Professor, by Courtesy, of
Neurosurgery

8:55 – 9:45am

TBI and Long-Term Cognitive Outcomes

Kristine Yaffe, MD - UCSF

Scola Endowed Chair and Vice Chair Professor of Psychiatry,
Neurology and Epidemiology

9:45 – 10:15am

COFFEE BREAK

10:15 – 11:05am

Pseudomedicine and Dementia

Joanna Hellmuth, MD, MHS - UCSF, Assistant Professor, Neurology

11:05 – 11:55am

Imaging and Biomarkers in Dementia

Gil Rabinovici, MD - UCSF, Professor of Neurology

11:55am – 12:15pm

BREAK

12:15 – 1:15pm

LUNCH TALK sponsored by Integrity Continuing Education

Exploring the Science and Appreciating the Patient Experience:

Individualizing Therapy to Optimize Outcomes in Multiple Sclerosis

Speaker TBD

1:15 – 1:30pm

BREAK

1:30 – 2:20pm

**Reliability and Variability of Neuropsychological Testing in Differentiating
Dementias**

Catherine Marreiro, PhD ABPP-CN, CPMC

Clinical Neuropsychologist and Research Scientist at Ray Dolby Brain Health Center

2:20 – 3:10pm

Post-Stroke Dementia

Marion Buckwalter, MD, PhD - Stanford, Associate Professor
of Neurology

3:10 – 3:40pm

COFFEE BREAK

3:40 -4:30pm

The Neurocircuitry of Human Values

Virginia Sturm, Ph.D. - UCSF, Associate Professor of Neurology

4:30 – 5:20pm

Can Lifestyle Changes Reverse Early-Stage Alzheimer's Disease?

Dean Ornish, MD - UCSF, Clinical Professor of Medicine

President, Preventive Medicine Research Institute

5:20 – 5:30pm

Panel Discussion

5:30pm

Adjourn

Accreditation Statement: This San Francisco Neurological Society is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. The San Francisco Neurological Society takes responsibility for the content, quality and scientific integrity of this CME activity.

Designation Statement: The San Francisco Neurological Society designates this educational activity for an estimated 6.83 *AMA PRA Category 1 Credit(s)*TM. This credit may also be applied to the CMA Certification in Continuing Medical Education.

Nurses: For the purpose of recertification, the American Nurses Credentialing Center accepts *AMA PRA Category 1 Credit(s)*TM issued by organizations accredited by the ACCME.

2020 ANNUAL MEETING - BRING THE FAMILY!
April 3-5, 2020
Monterey Plaza Hotel

Conference details are coming soon. But, mark your calendars for April 3-5, 2020 because Monterey is a GREAT place to bring the family! So go ahead and start planning

your visit today...

Enjoy hors d'oeuvres and beverages with unparalleled optics at the SFNS President's Reception taking place in the [Monterey Bay Aquarium](#) on Friday, April 3rd!

Explore the Monterey Bay in an unconventional (yet fun!) way while cruising via [Sea Car Tours](#) or take the family for a scenic tour of the [17 Mile Drive](#) and [Cannery Row](#). [Spirit of Monterey Wax Museum](#) and [Monterey County Youth Museum](#) are great places to take the kids. For the 'older' kids there is the [Jameson Classic Motorcycle Museum](#) and [Recycled Records](#) where you can search through vinyl records to your hearts content. The [Monterey Museum of Art](#) has a collection of California art capturing nature, human endeavors on the sea and land, and California history. In fact, there are a great number of [Historical Sites of Monterey](#) that await your exploration.

Finally, no need to pull your kids off their devices...the [Selfie Experimental Museum](#) is Monterey's newest attraction and 1st experiential museum. In Selfieville you begin your journey with 3-D light show created by the award winning designer Bart Kresa. Experience a bevy of fantasy worlds (and perfect selfie opportunities) in Selfieville! Selfieville is a permanent installation in the [Golden State Theatre](#) in Downtown Monterey.

ALZHEIMER'S DISEASE TRIAL

Dean Omish, M.D. and his colleagues at the nonprofit Preventive Medicine Research Institute, in collaboration with Bruce L. Miller, M.D. and Joel Kramer, PhD at the UCSF Memory and Aging Center, and others, are conducting the first randomized controlled trial to determine if the progression of early to moderate Alzheimer's disease may be reversed by a comprehensive lifestyle medicine program. The lifestyle medicine program includes a whole foods plant-based diet; moderate exercise; stress management techniques; and psychosocial support. For more information please visit www.pMRI.org or call 415-332-2525 x255.
